

MODULAR I/O

Kuhnke FIO Shielding terminal 2x14 mm

694 412 06

The Kuhnke FIO shielding terminal allows a simple installation of the cable screen. The shielding terminal leads the potential of the cable shield to the DIN rail on which the Kuhnke FIO module is snapped.

The 2x14 mm shield clamp is suitable for all double-width (42 mm) FIO modules.

- EMC improvement
- Discharge of interference directly at the FIO module
- Strain relief for cables and wires with small cross-sections

DESCRIPTION	VALUE
Function	Accessories - Shielding terminal
Dimensions (W x H x D)	2x14 mm
Product status	Standard product
Mounting	Mounted directly on the module, mounting material included
Certifications	CE, UL
IP-Protection Class	IP 20
