

Kuhnke FIO

Control Technology

CODESYS Starter Kit: PLC with integrated I/Os

Easy programming

The starter kit is fully wired and ready for use within minutes. In our download area, you can easily download a set of detailed examples explaining how to write your program and how to load it onto the control unit. Only a power supply of 24 V DC and at least 2 A is required to operate the starter kit.

- CODESYS V3 PLC
