

## Kuhnke Vico

## Control Technology

### CODESYS Starter Kit: HMI

#### Easy visualization

Each Kuhnke CODESYS Starter Kit can easily be extended by a CODESYS HMI touch terminal. Only connect the display to the Starterkit via an Ethernet cable, connect in with power supply and download a project on the HMI device.

The programming, the connection of the program with the PLC as well as the steps to create an own visualization are explained in detail by several examples that can be downloaded comfortably in our download area.

- Touchscreen terminal with CODESYS 3 HMI
- Display size of 4", 7" or 10"
- TFT color display
- with IP65 front
- 1 x Ethernet interface
